VOLUME CVI.---NO. 219. ALEXANDRIA, VA., FRIDAY EVENING, SEPTEMBER 15, 1905. PRICE 2 CENTS.

DO YOU FEEL THIS WAY.

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your sluggish liver to work. It will get into every vein in your body and purify your blood. It will set things right in your stomach, and your appetite will come back. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about speedy cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose *advice is given free* to all who wish to write him. His great success has come from his wide experience and varied practice.

O. S. Copenhaver, Esq., of Mount Union, Huntingdon Co., Pa. (Box 222), writes: "About twelve years ago I was suddenly taken with a pain in the pit of the stomach which was so violent I could not walk straight. It would grow more severe until it caused waterbrash and vomiting of a slimy yellow water. A physician told me I had a form of dyspepsia and treated me for about six months with but little benefit. Another physician told me my liver was out of order and that I had indigestion. He gave me a treatment and I got some better but only for a short time. I then tried another one, who said I had chronic indigestion, ulceration of the lining of the stomach, torpid liver and kidney affection. He treated me for more than a year and I felt much better, but it did not last. I then took to using several widely advertised patent medicines, but received no more than temporary relief. I then tried Dr. Pierce's medicines, using his 'Golden Medical Discovery,' and the 'Pleasant Pellets,' and in two months' time I was feeling better than I had for years before."

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good."

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Russia's Internal Troubles.

The breaking up by troops Wednesday at Helsingfors of a meeting of 800 delegates from all towns in Finland called for the purpose of discussing the political situation has aroused great indignation throughout Finland.

The meeting was an orderly one, and was composed of representatives from all the cities and towns in Finland. Many of the best citizens and even women were in attendance.

The action of the government in dispersing the gathering has fanned the dissatisfaction felt by the Finnish people, which yesterday even went so far as to bring forth threats to throw a bomb at the governor general, Prince John Obolensky.

The disbandment of the last battalion of the guards by the Russian authorities has proven to be unpopular, and since the dispersal of the meeting of delegates Wednesday this has been taken up as an additional grievance against Russia.

The body of Gen. Prince Amilakhovri, formerly governor of Baku, was taken to Tiflis yesterday by troops and was buried without disorder occurring.

A proclamation signed by Assistant Minister of the Interior Trepoff has been posted throughout St. Petersburg again prohibiting the sale of revolvers or ammunition to the public generally and also forbidding army officers to purchase revolvers or ammunition without the permission of their superior. The orders recently issued forbidding the sale of arms or ammunition in the open markets were partly ignored Wednesday and the authorities searched the markets, confiscated all the arms and ammunition which were for sale and fined the dealers.

Further reinforcements have been ordered to Baku. The Governor of Elizabethpol has telegraghed for more troops owing to the menacing attitude of the rioters. A deputation from Elizabethpol yesterday presented a petition to General Shirinkin, commander of the forces, asking that immediate steps be taken to prevent further bloodshed. The revolutionary party at Tiflis yesterday issued a proclamation calling for a general uprising.

Farmers' National Congress.

The labor problem was the question of deepest interest yesterday before the Farmers' National Congress in Richmond. A resolution was offered and sent to the appropriate committee, favoring an amendment to the Federal Constitution so as to secure the election of United States Senators by the people.

"Alien Immigration and the need of Farm Labor" was the subject discussed by Robert DeC. Ward, of Massachusetts, who is a member of the Immigration Restrictive League and the National Civic Federation. Mr. Ward took the ground that the successful farmer must be intellectural and of high vitality. The immigrants at present, he said, represent a low grade of manhood. Farmers, he said, should advocate the three amendments to the immigration law which are to come before the next Congress and which provide for an increase in the head tax, the debarring of immigrants of poor physique and the illiteracy test.

Chairman Bijur, of the New York Associated Charities, took the opposite side of the question in a short address.

Delegate Beverly, of Virginia, said the North is luring away the negroes by social-equality inducements, and the labor situation in the South is bad. He opposed restricted immigration.

There was a general discussion, and the prevailing view seemed to be that, if possible, the good immigrants should be allowed to come and the undesirable class be kept out.

Frank Smith, of Virginia, urged that "for the sake of humanity the miserable people of Europe be not debarred from the land of the free."

Congressman John Lamb, of Virginia, made an interesting address on "Postal Reforms and Improvemements of Special Interest to Farmers."

Fired on by Canadians.

The fish tug W. C. McCarter, of the Keystone Fish Company's fleet, arrived at Erie, Pa., yesterday afternoon with a big hole in her side from a shot from the Canadian cruiser Vigilant. Capt. Frank Handy, of the McCarter, stated he was going after his nets, and was of the opinion that he was in American waters. About noon the Vigilant swooped down upon him before he was aware of her presence, and after signaling, fired upon him. The shell struck the tug near the water line, wrecking the machinery used for pulling the nets. The McCarter hastily put for shore. Although in a leaking condition the tug managed to reach port in safety. Capt. Handy, of the tugboat, says they were in American waters when fired upon, and to make their position secure he had started to get farther away, so there would be no doubt of their being in American waters. The American fishermen were badly scared, but managed to get away, knowing that surrender meant the loss of their boats.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from ovarian or womb trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for ovarian or womb operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Margrite Ryan, Treasurer of St. Andrew's Society, Hotel English, Indianapolis, Ind., writes of her cure as follows:

Dear Mrs. Pinkham:—

"I cannot find words to express my thanks for the good Lydia E. Pinkham's Vegetable Compound did me. The doctor said I could not get well unless I had an operation for ovarian and female troubles. I knew I could not stand the strain of an operation and made up my mind I would be an invalid for life. Hearing how Lydia E. Pinkham's Vegetable Compound had saved other women from serious operations I decided to try it, and in less than four months I was entirely cured; and words fail to express my thankfulness."

Miss Margret Merkley of 275 3d Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing down pains and extreme irritation compelled me to seek medical advice. The doctor, after making an examination, said that I had ovarian trouble and ulceration, and advised an operation as my only hope. To this I strongly objected—and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound.

"To my surprise the ulceration healed, all the bad symptoms disappeared, and I am once more strong, vigorous and well; and I cannot express my thanks for what it has done for me."

Ovarian and womb troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham at Lynn, Mass. for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all ovarian troubles, inflammation, ulceration, falling and displacement of the womb, leucorrhœa, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice and Lydia E. Pinkham's Vegetable Compound.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by Gibson & Timberman and W. F. Creighton & Co.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, SEP. 15, 1905.

AS WAS stated in yesterday's Gazette, the Commissioner of Internal Revenue has rendered a decision that will seriously affect a number of proprietory medicines composed largely of distilled liquors. He has reversed a ruling of his department made many years ago, and now decides that the manufacturers of these medicines must take out licenses as rectifiers and liquor dealers and that druggists and others handling them will have to pay the usual retail liquor dealers' licenses. The commissioner says his ruling applies to every alcoholic compound labeled as a remedy for diseases and containing, in addition to distilled spirits, only substances or ingredients which, however large their quantity, are not of a character to impart any medicinal quality to the compound. The ruling goes into effect December 1, 1905, but collectors are at once instructed to send out notices to all druggists and merchants dealing in proprietary medicines that after December 1 they will be required to pay the special tax as liquor dealers for selling compounds coming within the rule. It is believed that the decision reaches several widely-known medicines. In some instances these medicines have been found to contain as high as 45 per cent. of alcohol, and there are many on the market, it is said, that contain 25 per cent. of alcohol. These medicines are said to have immense sales in prohibition communities. About a quarter of a century ago an analysis was made of certain alleged panaceas, all of which were found to contain a large percentage of whisky, and that, too, of a cheap variety. These compounds were at one time sold in grocery stores by the drink. It is said that a man can become intoxicated upon some patent medicines which have immense sales, and it is asserted that in many cases women consume these compounds to such an extent that they acquire an appetite for stimulants which follows them through life.

A TABLE of births and deaths in Pittsburg in the last fourteen years shows a startling decrease in the number of births, notwithstanding a large increase in population. In 1891 there were 7,087 births, the rate per thousand being 28.51. The table shows a decrease in the birth rate in fourteen years to 21.74, more than 7 per cent. The figures for the first three months of this year are surprising. In 1891 the excess of births over deaths was 1,235. This year the excess has been wiped out and the conditions reversed, there being a decrease of twenty-three births over the deaths rate. In commenting upon the report, Dr. Booth, the city physician, said: The figures show that race suicide is a fact, and I think more so in Pittsburg than in any of the larger cities of the country. There is also another feature. At the present advanced age the physicians save 50 per cent more babies than they did ten years ago. The advance made in science has reduced the loss of cases to the minimum. Taking this into consideration, together with the increase in population and such a decided decrease in the birth rate, it shows that something is radically wrong. It again proves that President Roosevelt is right in his theories on race suicide.

DESPITE denials to the contrary there is a strong impression that the city democratic committee will take arbitrary action and name a candidate for clerk of the courts, which would mean that the name of the candidate thus appointed would be the only one on the democratic ticket for that office at the November election. It is hoped that no such step will be taken by the committee. Even if by the broadest stretching of the rules governing primaries the committee has the power to take such drastic action, it has no right under the circumstances to do so, nor would there be justice in such a procedure. The democratic voters want a fair field and a square deal and the committee is warned that if these are not accorded something will happen. Such arbitrary action, if it should really be taken by the committee, would have a tendency to disrupt the democratic party in this city. The committee is expected to promote harmony and not sow discord and the members are warned that the welfare of the party is paramount to the interest of any one man.

THE War Department continues to receive complaints from the Philippines in regard to the khaki clothing issued to the troops on duty in the islands. General Leonard Wood is the latest critic, and he says that better material of the same kind of cloth is furnished to the British army and is obtained from Hong Kong and other Eastern ports. The khaki in that case is lighter, more durable, and is protected against fading, spotting and decay, complaints which are made against the American product. The army quartermasters, however, who have charge of this cloth say that the New-York product is better then the British material and as these officers are of course the most "interested" what they say will probably go.

DEATH comes in divers ways and unexpected places. While Mr. and Mrs. J. H. King, of Mobile, Ala., were visiting their former home at Williston, Miss., they went to the cemetery to visit the grave of one of their children. While there a tombstone fell on their four-year-old son, killing him instantly. He was buried beside the remains of his brother.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Sept. 15.

Delegations from Alexandria, Abingdon and Lynchburg were before Secretary of the Treasury Shaw and Commissioner of Internal Revenue Yerkes today in reference to the office of the Collector of Internal Revenue in the Sixth district, now located in Alexandria. Mr. Summers, the new collector, wants the office at his home in Abingdon, the Alexandrians want it retained in their city, and Lynchburg wants it in case a change of location is made. Mr. Summers and Judge Page spoke for Abingdon, Congressman Glass for Lynchburg, and Congressman Rixey and Mr. Harlow for Alexandria. The impression about the department is that the office will be removed to Abingdon and that through the influence of Congressman Slemp it had been agreed upon some time since, so that the Alexandrians today had their trouble for their pains.

In his annual report just received by the War Department Brigadier General Frederick D. Grant, commanding the Department of the East, with headquarters at Governor's Island, N. Y., says that it is his belief that seventy-five per cent. of the large number of trials by court-martial during the past year were due to the use of bad liquor dispensed to the soldiers "by persons who conduct dens of vice in the vicinity of military posts." Gen. Grant, in commenting on this condition of affairs, makes an urgent recommendation for the re-establishment of the canteen feature of the post exchange.

Through the complaint of B. H. Warren, Commissioner of Agriculture of the State of Pennsylvania, the Postoffice Department has issued a fraud order against Huestis & Co., of Jersey City, N. J. He has been frequently reported to the Navy Department for misconduct and his demerits at last reached such proportions as to result in his discharge today.

It is pretty well settled now that Mr. Swanson will not resign his seat in Congress until after the election in Virginia, because the intervening time is too short between this and the election to properly conduct operations looking to the successful election of his successor. Mr. Swanson will not resign until after the general election. After he sends in his resignation, a special election will be ordered and there is no doubt of the democrats successfully filling the place with a good Virginia democrat.

March of the Cholera.

The official bulletin issued yesterday in Berlin announced 9 fresh cases of cholera and 2 deaths during the 24 hours ended at noon, making a total of 183 cases and 66 deaths. Five cases, previously notified as cholera were not that disease. The new cases are one each in Stargard, Wongrowitz, Bromberg and Colmar, two at Schubin and three at Marienwerder. The health office is confident that cholera will be held in check, although some cases probably will develop for several weeks. An annoying thing to the health authorities is that while everything known in modern methods of combatting infectious diseases has been applied on the German side of the eastern frontier, on the Russian side it is feared some laxity exists, owing to the less effective government and sanitary machinery.

It has been established bacteriologically that a woman died of cholera at Doemwitz, on the river Elbe.

It is officially announced that the governments of Courland and Volyhynia in Russia are menaced by cholera, and the authorities have taken precautions to prevent an invasion of the disease.

She became unconscious while in the cab, and died soon after. She was the daughter of Mrs. Elizabeth Thompson, and the Messler girl was a daughter of Rev. The Late John S. Beach.

He was loved by the boys he taught at school in the early seventies. And the unanimous sentiment, not only of the boys of 1870, but those of later years, is "Peace to his ashes."

The familiar roll-call, with the names of Francis J. Pollard, Geo. A. Nowland, Chas. T. Hellmuth, Wm. H. Hellmuth, Samuel L. Monroe, John W. May, Winfield M. Simpson, Julius Rosenthal, Stephen Ford, and many others the writer does not recall, will testify to the love they bore for him. Gentle, kind, true and honest was the character he had earned, not only in the estimation of the boys he taught but by the community in which he lived. Such manly qualities will be and are appreciated by all the world, in this life, and will be fittingly rewarded in the world to come.

Query.

Mr. Editor: The electric railway has been double tracked from Alexandria to Washington and yet when there is any kind of an association in session in Washington the managers will take all the trains for their convenience in a trip to Mt. Vernon and let the commuters wait until they get back, no matter how long. Yesterday it was about an hour. Is this right? Who is to blame? I have been traveling on this road ever since it was completed and I have never failed to wait their biding when there was an excursion to Mt. Vernon. It looks to me as if they don't care whether we get home or not, just so they keep their cars in service.

Threatened Lynching.

New York, Sept. 15.—For having stabbed and brutally kicked Thomas Morrissey, a newsboy, near the Cortlandt street ferry, this morning, Wm. J. Stewart and Henry Hallen, who are alleged to be striking mail wagon drivers, came near being lynched at the dock of the ferry. Only the prompt action of Detective Sohan and Police Murphy, of the Charles street station, prevented the men from being strung up in true western style. The men were finally landed safely in the Church street station. The striking mail wagon drivers have been making it a habit to visit the ferries early in the morning to raid the wagons that go across the North river. A number of them were doing this at the Cortlandt street ferry, and one of them, Stewart, tipped over Morrissey's news stand. Hot words followed. Stewart and Hallen it is alleged, kicked the boy several times and ran. The boy gave chase when both men turned upon him, one of them stabbing him just above the heart. In the meantime, a crowd had collected and chased the men, who finally sought shelter in a toilet room in the ferry house. There they were found by Sohan and Murphy, who prevented the crowd from doing violence by drawing their revolvers and clubs.

When Sherrick received the summons he was greatly agitated and showed reluctance to accompany the officers, but he submitted. After some consultation it was decided that the detectives should remain with him at his home during the night. The prosecutor did not fix the amount of the bail, but it will not be less than $100,000, as the defalcation, as charged by Governor Hanley, is in excess of that sum. The Governor appointed Warren Bigler, of Wabash, as auditor who will take charge of the office today.

Last summer she went on a vacation in Maine to a place where her employer also took his vacation. In some manner the story beame current that the pair had eloped. The story became widely circulated and greatly depressed the girl. On her return home she traced the story to its source and secured a public retraction. In spite of this, the affair prayed upon the girl's mind. She grew more depressed and for days would not speak to any one. Mr. Berry said that he believed his daughter's mind was affected and asked her to go away but she declined. On Tuesday she left for business as usual, but did not return. Fresh charges were brought today that Watt also tried to get a news vender to committ the crime. It was alleged that he offered the news vender $750 and five dollars a week for life if he would induce the woman to go out on the river Thames in a small boat where she could be killed and her body consigned to the waves. Another charge brought today alleges that Watt offered a man named Shuttle the same reward if he would run over and kill Sir Reginald Beauchamp who divorced his wife in 1901, naming Watt as the co-respondent. After several witnesses had testified in support of the prosecution's charges the case was adjourned until next Friday. Watt was released on giving a bond of $15,000.

The Clerkship.

As was stated in the Gazette, Judge Barley, of the Corporation Court, yesterday appointed Mr. Charles Bendheim Clerk of the Circuit and Corporation Courts of this city in place of the late John S. Beach, whose term would have expired on the 1st of February, 1907. Mr. Bendheim, after the receipt of the tender from Judge Barley, sent the following letter of acceptance:

Alexandria, Va., Sept. 14, 1905.

Hon. Louis C. Barley, Judge of the Corporation Court, Alexandria, Va.

Dear Sir—I am just in receipt of your communication, delivered to me by special messenger, tendering me the office of Clerk of the Corporation Court of this city for the unexpired term recently made vacant by the regrettable death of Mr. John S. Beach. Before permitting my friends to submit for your consideration my name as an aspirant for this office, I had bestowed some thought as to the advisability of my acceptance of it, in the event of securing from you a tender of the same, and while I fully recognize that its acceptance will involve some sacrifice as well as a relinquishment of the pursuit of my profession, yet I feel that I will be amply remunerated in accepting the office, not alone by its emoluments, but also because I regard the position as one of honor and trust, which latter consideration weighs with me very forcibly.

Thanking you very sincerely for this manifestation of your confidence, I beg to inform you that I stand ready to accept the appointment and enter upon the discharge of such duties as the office involves, promising to do my utmost to fill the position as faithfully and efficiently as my humble abilities will permit.

Respectfully,

CHARLES BENDHEIM.

Mr. Bendheim later addressed the following letter to Mr. N. S. Greenaway, who was the deputy clerk under Mr. Beach:

Alexandria, Va., Sept. 14, 1905.

N. S. Greenaway, esq., Alexandria, Va.

Dear Sir: Having accepted the position of Clerk of the Corporation Court of this city, which was this day tendered to me by Judge L. C. Barley, I desire to offer to you the position of deputy clerk, which you held under the late Mr. John S. Beach. I trust you will see your way clear to accept the position and ask an immediate reply, as there are several applicants. Very truly yours,

CHARLES BENDHEIM.

Today Mr. Greenaway sent the following reply to Mr. Bendheim's proffer:

Alexandria, Va., Sept. 15, 1905

Hon. Chas. Bendheim, Alexandria, Va.:

Dear Sir: I beg to acknowledge the receipt of your favor of the 14th inst., tendering me the position of Deputy Clerk of the Corporation Court of the city of Alexandria, and to thank you for your kind offer. In reply I beg to say that I am and will be a candidate before a democratic primary for nomination as Clerk of the Corporation Court of the city to succeed to that office at the end of the unexpired term of the late John S. Beach. I feel that under these circumstances it would be embarrassing both to you and to me to occupy the position of deputy in your office, but I beg to tender to you my services in any way that I can serve you in the discharge of the duties of your office for the next month and will be glad to consider myself at your disposal during that time in so far as it does not interfere with my canvass for the office to which I aspire.

Very truly yours,

NEVELL GREENAWAY

Up to four o'clock this afternoon Mr. Bendheim had not announced the appointment of a deputy clerk.

Under the statute, before the appointment of a Clerk of Courts to fill a vacancy a committee must first be appointed to examine the condition of the office. Judge Barley therefore yesterday evening appointed Messrs. H. W. Smith, Robinson Moncure and R. D. Brumback to make the examination.

The Clerkship Appointment.

Since the announcement made in the Gazette yesterday evening of the appointment by Judge Barley of Mr. Chas. Bendheim as Clerk of the Courts, little else has been talked about in this city. The impression prevails that Mr. N. S. Greenaway, the deputy under Mr. Beach, should at least have been allowed to fill out the unexpired term and many people refuse to look at the matter in any other light. Not the slightest objection is raised to Mr. Bendheim, who all admit will make a most efficient clerk. He is popular; competent; has represented the city in the legislature; has been chairman of the city democratic committee; has a host of warm friends and was endorsed by a majority of the democratic committee. Neither is the right of Judge Barley to appoint Mr. Bendheim questioned, but Mr. Greenaway had the endorsement of a majority of the bar and many insist that as he had faithfully filled the position of deputy he should at least have been made clerk for the unexpired term. This is the state of affairs at the present writing, but public opinion is very vacillating and tomorrow the pendelum may swing the other way.

Opera House.

Of all the dramas that have taken the public fancy during the last few years probably none has achieved such a pronounced, and, at the same time, unusual success as has "The Sign of the Cross," Wilson Barrett's celebrated religious and historical play, which will be seen at the Opera House on Saturday evening. Not only has the unique drama drawn to the theatre the usual patrons of the playhouse, but it has, as well, won to the side of the theatre thousands of persons who before loudly proclaimed its harmfulness. "The Sign of the Cross" deals with a religious subject and teaches a strong lesson, but this is accomplished in a manner that is so engrossing, so thrilling and so intensely interesting that it charms all who see it because of its many strong scenes and incidents and its varied and beautiful scenic accessories.

Personal.

Mr. K. Kemper, who attended the Presbytery of the Chesapeake, held at Grove Church, Fauquier county, last week, has returned.

Miss Mary E. Carlin, has returned from Orkney Springs.

Mr. Frank M. Edwards and Miss Edna O. Padgett were quietly married at the Trinity M. E. parsonage by Rev. J. A. Jeffers on Monday.

Rev. Dr. F. J. Brooke has returned from his vacation which he spent in the valley.

Dr. W. R. Purvis has returned from Bluemont, where he spent the summer. His health has greatly improved.

Mr. A. B. Nicol, of Manassas, son of Judge C. E. Nicol, has opened a law office in this city, having entered into partnership with Mr. Robinson Moncure.

Miss Catherine Critcher sailed for Europe yesterday, and her sister, Miss Lulie Critcher, will join her in November. They will spend the winter in Paris.

Mrs. J. L. Della, now of Philadelphia, is visiting friends in this city, her former home.

Mr. Harry J. Acker, of Rockbridge county, who for some time past has been a clerk in the Internal Revenue office in this city, has accepted a position as clerk in the Citizen's National Bank.

Mrs. Julia Windsor left yesterday for her home in New York, after spending several months with Mrs Robey on south Lee street.

Mr. Gottleib Kicherer has returned from Aldie.

Mrs. Peter Wise has gone to Hyattsville, Md., to visit friends.

Lieutenant Smith, of the police force, became seriously ill yesterday. He had improved today, however.

The New Depot.

As had been announced, trains began to arrive and depart from the new passenger depot west of this city at an early hour this morning. About eleven o'clock when south bound trains of the Washington-Southern and the railways were expected, the premises presented an animated picture, a number of conveyances being near the building, while the platforms were thronged with people waiting for trains.

The work of laying concrete under the colonnade on the east front of the depot is rapidly approaching completion, while the interior work of the building is being pushed as rapidly as possible.

Henry and Fayette streets were quiet today and the gatekeepers had but little to do. The connections with those streets were broken near St, Asaph Junction last night, and no trains can enter the city from the north on tracks on those streets. Cars intended for the Portner Brewery and the glass factories north of the city entered Alexandria over the new tracks and after being taken to the depots were sent north over Henry and Fayette streets. They were, however, few and far between. It is said by railroad men that eventually spur tracks will be constructed from the new union yard to the glass factories and the brewery, when the tracks on Henry and Fayette streets will be removed.

Corporation Court.

[Judge L. C. Barley presiding.]

Charles Bendheim qualified as Clerk of the Corporation Court.

Leo P. Harlow was appointed guardian of Ida N. Breen.

Leo P. Harlow was appointed guardian of Katie M. Baier.

Leo P. Harlow was appointed guardian of Margaret N. Germond.

Mathias Hofaker was granted final naturalization papers and was admitted to citizenship.

The will of Donald McLean was admitted to probate and Lewis H. Machen qualified as executor and guardian of James Douglas McLean, son of the deceased.

Rev. Albert Barton was authorized to perform the marriage ceremony.

Kittie P. Wingfield was appointed administratrix of Samuel P. Wingfield.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

James Hopkins, colored, arrested by Officer Bettis charged with an offense in Washington, was turned over to officers from that city.

A white man, arrested by Officer Henderson for being drunk in the street, was sent to jail for five days.

J. W. Becksaw, arrested by Special Officer Brown for drunken and disorderly conduct, was dismissed.

Cold Wave.

The cold wave was decidedly in evidence last night, and this morning there were suspicions of frost and fires added to the comfort of homes. Frost made its first appearance of the season in Baltimore yesterday morning, and the thermometer registered 50 degrees. The official forecast for today is for continued fair weather and warmer, so that it is unlikely that today will be as cool as yesterday. The death knell for straw hats has been sounded.

New Motor Cars.

The two new motor cars of the Washington, Alexandria and Mount Vernon Railway built at the works of the J. G. Brill Company at Philadelphia have been received at the power house at Four-Mile run and are now being equipped for service. The new cars are of 200 horse power each and are the same type of car as the four new motors recently purchased by the road.

Acquitted of Charge.

Richard Smith, colored, who was charged with shooting and killing another colored man in an ark near the Long Bridge several days ago, was acquitted of the charge, in Alexandria county, before a Magistrate's Court last night, as it was shown that the shooting was accidental. Smith, however, was held on a charge of selling liquor without a license.

Georgetown, Sept. —Wheat 60@80,

The Collector's Office.

A committee of Alexandrians headed by Congressman Rixey, appeared before Secretary of the Treasury Shaw and Commissioner of Revenue Yerkes today to protest against the removal of the Internal Revenue office from this city to Abingdon, the home of Collector Summers. The committee consisted of Messrs. M. B. Harlow, G. L. Bothe, J. W. May, J. F. Johnson, C. C. Leadbeater, J. T. Burke, E. E. Downham, C. C. Carlin, Jno. A. Marshall and Hubert Snowden. At the Secretary's office the Alexandria committee was met by Representative Glass and a committee of Lynchburg citizens who want the office in that city should a change be made, and by Collector Summers and Mr. Blair of the revenue office in this city, and a delegation from Abingdon.

Judge Page, of Abingdon, and Mr. Summers and others of that delegation urged the removal of the office to that town. Mr. Glass set forth reasons why Lynchburg should be chosen if a change were made and Mr. Harlow and Mr. Rixey argued against the removal of the office from this city, stating that the public building here had just been enlarged and equipped for the accommodation and convenience of the office and that the railroad and mail facilities of Alexandria made this city a desirable point for its location. The Secretary and the Commissioner heard the delegations for fully two hours and stated that they would announce their decision later.

The general impression among all who attended the conference was that the office would be moved to Abingdon. It is known that Congressman Slemp wants it there and as he has the ear of Secretary Shaw his request, added that of Collector Summers, will, in all probability, result in the removal of the office to that town.

School Permits.

The clerk of the City School Board today finished for the week the issuing of permits to children to attend the public schools and during the day issued 283 permits—138 to colored boys and 145 to colored girls. On the corresponding day last year he issued 304 permits—132 to colored boys and 172 to colored girls During the week 1,810 permits have been issued—569 to white boys, 605 to white girls; 295 to colored boys and 341 to colored girls. During the corresponding week last year 1,945 were issued—630 to white boys, 640 to white girls; 294 to colored boys and 381 to colored girls. All the schools will be opened for study on Monday next and in order that they may be properly organized, no more permits will be issued till Monday, the 25th. After that date and for the remainder of the session, permits will be issued every Monday morning at Peabody building at 9 o'clock.

Pushing the Work.

The Georgetown-Great Falls line of the Great Falls and Old Dominion Railway Company, which has been in course of construction for several years, is now fast nearing completion. No definite date can be set for the opening of the road for traffic, but that cars will be in operation before winter is almost a certainty. Ten miles of the road is complete. The track has been laid and the poles for the wires which will furnish the current are in place. The work on the power house and the car barn is being pushed with vigor. The track across the Aqueduct bridge is complete, and all the track is nearly ready for the cars within four miles of Great Falls.

Resignation of an Officer.

Officer James Patterson yesterday tendered his resignation as a member of the police force of this city. The commissioners will meet shortly and elect a successor. Mr. Patterson, it is said, will manage a line of cabs which are destined to transport passengers to and from the new depot.

Negroes to Use Automobiles.

That H. R. Boyd, president of the Penny Savings Bank of Nashville, Tenn., had purchased in New York four large automobiles for use on a new street automobile line for negroes in that city was announced yesterday. The vehicles will be used by the Union Transport Company of Nashville. Rev. Mr. C. N. Parrish, of Louisville, Ky., a negro educator and a stockholder in the new company, said: "A law granting the conductors of the street railways power of police to remove passengers from any seat in the car, and to arrest whoever refuses, was passed several months ago. It is worded to apply both to the blacks and whites, but it is really directed only against the blacks, and since it was passed several negroes have been arrested for refusing to obey the conductors. As a result, the receipts in fares have fallen off $500 a week since the law was passed. The negroes immediately found that they owned among themselves 70 vehicles which they could use for the purpose. The enterprise prospered, and on Wednesday I went with Mr. Boyd to purchase four large steam automobiles, which will be run in place of cars. The purpose of the company is to give the negroes of Nashville equal rights with the whites as passengers. It is not our purpose to exclude the whites, and as automobiles are something of a novelty in Nashville, we expect that the whites will patronize our company."

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye" Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

No Unpleasant Effect.

If you ever took DeWitt's Little Early Risers for billiousness or constipation you know what pill pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. Sold by W. F. Creighton, & Co. 401 King street.

Numerous and Worthless

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.
